- 2) Please describe how this small business has excelled in the past year in the performance of their contract. Additionally, please provide a brief profile of the firm in your description.

ISF Security Group is an 8(a) firm, which first came to the attention of the IRS during a local (Dallas, TX) Treasury Vendor Outreach Session. Consequently, the contractor was awarded the Austin Campus guard service contract, which is the largest requirement (Approx. \$12.6 million over five years) handled by the Midstates Procurement Branch. Even though, ISF Security Group had never managed a contract of this magnitude, the company has provided outstanding service during the first two years of the contract. Their attention to detail and their cooperative attitude has created a first class relationship with the IRS security staff. Their Chief Executive Officer, Robert Marquis, has worked tirelessly to make sure that services are delivered with the utmost professionalism. Mr. Marquis' on-site management is always quick to point out potential security issues and provide possible solutions to these areas of concern. In addition, ISF Security Group is very proactive in reacting to any of the Service's security needs. It has been a delight to work with Mr. Marquis and his employees to ensure a secure and safe work environment for all IRS personnel posted at the Austin campus.
